

NEW RECTOR FOR ST. THOMAS CHURCH

Rev. F. Ernest Warren to Preach First Sermon at Ginter Park To-Day.

CALLED FROM SOUTHSIDE

Handsome Structure Erected by Congregation in Fast Growing Section.

REV. F. ERNEST WARREN.

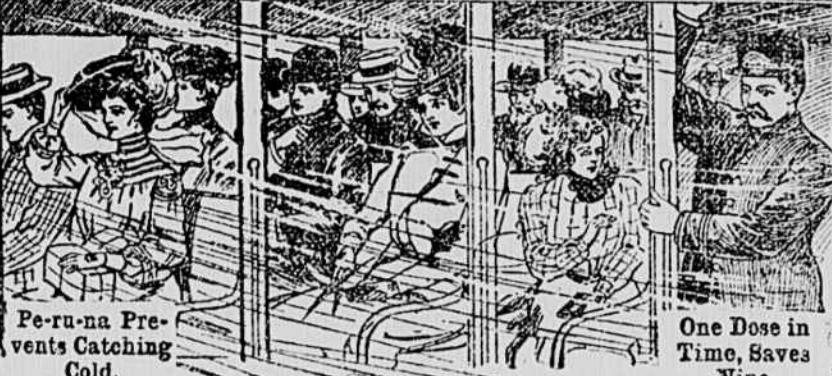

Rev. F. Ernest Warren, formerly of Memorial Episcopal Church, South Richmond, will assume the rectorship of St. Thomas Episcopal Church, Ginter Park, this morning. The last Diocesan Council treated the parish, and Mr. Warren will be the first rector of the new church, although the handsome edifice has been in use for nearly nine months.

The church is located on a large lot, at the corner of Hawthorn and Walton Avenues. The site is one of the highest in Ginter Park, and with the attention which has been given it in the past summer, is one of the most attractive spots in the town. Grass has been planted around the building and walkways laid off. Shrubs and evergreens have been scattered through the grounds, and a box hedge is being raised along the borders of the walls and around the edge of the grounds.

The building is constructed of Chesapeake granite with a modified type of English-Gothic architecture, at a cost of about \$100,000. The windows were obtained from those in some of the Continental cathedrals and are very distinctive. The furniture is in a simple design in heavy oak. The seating capacity of the main auditorium is about 300.

In connection with the church there is a commodious and handsome parish house and Sunday school building, which contains an assembly hall, kindergarten room, parlor, and class rooms. The rector's study and vestry room is just off the chancel, and is attractively fitted up. The entire struc-

Catching Cold on the Street Car

Peruna Prevents Catching Cold.

Many people persist in riding on the street cars insufficiently protected by clothing.

They start out perhaps in the heat of the day, and do not feel the need of wraps.

The rapid moving of the car cools the body unduly. When they board the car perhaps they are slightly perspiring. When the body is in this condition it is easily chilled. This is especially true when a person is sitting.

Beginning a street car ride in the middle of the day and ending it in the evening almost invariably requires extra wraps, but people do not observe these precautions, hence they catch cold.

Colds are very frequent in the autumn on this account, and as the autumn advances they do not decrease. During the autumn months no one should think of riding on the car without being provided with wraps.

A cold caught in the autumn is liable to last through the entire winter. Caution should be observed at this season against exposure to cold. During the pleasant days of autumn, the liability of catching cold is great.

No wonder so many people acquire muscular rheumatism and catarrhal diseases during this season.

However, in spite of the greatest precautions colds will be caught.

At the appearance of the first symptoms those who object to liquid medicines can now procure Peruna Tablets.

ture is well lighted. The Sunday school room and kindergarten have amber-colored windows, which make a restful light for the eyes.

Church Started Six Years Ago.

The church was started about six years ago as a mission. Miss Grace A. Ridout being in charge of the work. Services were held in the schoolhouse for some time, but the congregation found these quarters too small, and a building campaign was launched. By a vigorous and concerted effort on the part of the rector and the congregation, the new structure was soon an assured fact.

The congregation now numbers about seventy-five communicants, and is rapidly growing. The Sunday school is in a flourishing condition, and has about 100 scholars and twelve teachers and officers. The town is a fast growing community, and the church is expected to make great progress under the new rector.

Mr. Warren is a comparatively young man. He graduated several years ago from the Episcopal Seminary, Alexandria, and the Southside church was his second rectorship. He served there about two years with considerable success. He was extended a call to St. Thomas's shortly after it was made a parish, and his acceptance was received just a month ago. He

reached his final sermon at Meade Memorial Church last Sunday night, and moved with his family to the rectory at Ginter Park on Tuesday.

FATHER O'FARRELL RECTOR OF PARISH

Assumes New Duties at Cathedral of the Sacred Heart To-Day.

Rev. James T. O'Farrell, formerly of Petersburg, will assume his new duties as rector of the parish of the Cathedral of the Sacred Heart to-day. He was recently transferred by Bishop O'Connell, after a pastorate of twenty-eight years at St. Joseph's Catholic Church in Petersburg. Father O'Farrell was recently appointed vicar-general of the diocese, a position only second in authority to that of the bishop, and since that time his transfer to the cathedral has been anticipated. Father O'Farrell

was born in Harper's Ferry, September 15, 1859. Up to his eighteenth year he attended school in his native town, and began the study of Latin under Bishop Kain, now Archbishop of St. Louis. He later entered St. Charles College, Elliott City, Md., and after completing his college course, taught for two years at the cathedral school in Richmond. He then entered St. Mary's Seminary, Baltimore, where he took a course in theology. He was ordained to the priesthood by Cardinal Gibbons on December 20, 1879. His first mission was in Charlotte County, from which he was transferred to Petersburg, where he served about three years. For two years he was in Fredricksburg, from which place he was transferred to Petersburg on September 22, 1884.

Father O'Farrell will conduct the services at the Cathedral of the Sacred Heart to-day.

MUST MAKE NEW BEGINNING

Bernard Shaw Delivers Amazing Attack on Christianity.

Special Cable to The Times-Dispatch, London, November 1.—Bernard Shaw made an amazing attack upon Christianity in a lecture which he delivered yesterday before the City Temple Literary Society on "Christian Economics."

The crucifixion was a great political sacrifice, seems to have absolutely destroyed Christianity, and was meant to do so by the Jews, with the connivance of the Romans. It is worth while undoing the work of the crucifixion to attempt really to take on the profession of Christianity, which should fail.

We shall be beaten out of the field by other forces, some of them intensely hostile to the Christian ideals.

First, we shall have to make a new beginning. God in person would not be insured. I mean, He had to stand by His mistakes. If we could realize what would be if the Director of the universe went mad or went wicked, perhaps we should begin to have some sort of idea of what is the matter with the world at the present time. The matter is that God in most of us is mad or wicked.

Regular services will be conducted to-day in Emmanuel Baptist Church by Rev. William T. Hall. His subject at the morning service will be "Ephesians for God."

Rev. H. H. Potter will preach this morning in Emmanuel Methodist Church on "The Word of Life." His subject this morning will be "What Is Life?"
